## About ERRIN

The European Return and Reintegration Network is an initiative of 16 European states that helps to ensure that people on the move can return home in a dignified and humane manner. ERRIN is working with local organisations on the ground in 40 countries, offering comprehensive assistance for returning migrants. Following the initial aid provided right upon arrival, the reintegration support may involve support for housing, medical treatment, vocational training and educational needs, or setting up a business.
